SPECIFICATIONS

UNSURPASSED SAFETY AND SECURITY

All LiftMaster® garage door openers are manufactured with the highest level of safety and monitoring systems to ensure safe operation.

- The Protector System® safety sensors reverse the door automatically if the infrared beam is broken, before contact is made.
- Patented technology detects when a door spring breaks and triggers the motor to reverse the door to the full open position.
- Sensing technology will stop the door from closing if contact is made with a person or object.
- Security+® Rolling Code Technology assures a new code is sent every time the remote is used.
- Patented PosiLock® system ensures the door remains securely locked when it is closed.
- Opener light turns on automatically when The Protector System® safety infrared beam is broken.

4-YEAR MOTOR WARRANTY

1 year on all other parts. For more information, refer to owner's manual. LiftMaster® garage door openers meet all current state and federal regulations and UL safety regulations as of date of manufacture.

The in-vehicle universal remote control. See your automobile dealer for availability.

ENHANCE YOUR LIFESTYLE WITH OPTIONAL ACCESSORIES

know for sure the door is closed

Lets you know whether the garage door is open or closed from any room in the house. A flashing red light shows the door is open; a glowing green light indicates the door is closed.

GARAGE DOOR MONITOR (915LM)

enter without a key

Open your garage door without using a remote control and close with just the push of a button. Also can be programmed with a temporary entry code for friends and service people.

WIRELESS KEYLESS ENTRY with SECURITY+® (377LM)

access on the go

Operates up to 3 garage doors. Turns garage door opener lights on and off. Fits on keychain or in a pocket or purse.

MINI 3-BUTTON REMOTE CONTROL with SECURITY+® (370LM)

put control where you want it

For people who want a second control in their garages. A light control button turns garage door opener lights on and off. Auxiliary button can be programmed to open and close a second garage door.

WIRELESS CONTROL PANEL (378LM)

park perfectly every time

The high-tech solution that helps you park perfectly in your garage! As you pull into your garage the laser is activated and projected onto the dashboard, making it easy to park in the same spot every time.

LASER GARAGE PARKING ASSIST (975LM)
