

## GARAGE DOOR CONSTRUCTION

### **Built to last.**

All Amarr Garage Doors are constructed to high quality standards. Whether you are looking for a low maintenance steel door, environmentally friendly wood composite door, or authentic wood carriage house door, you can rest assure that no other garage door in the market compares.

---

**Steel.** Amarr steel doors are built with low-maintenance, heavy-duty steel. Most Amarr steel doors feature sections designed with the **Safe Guard** system to help keep you and your loved ones safe. Choose from 1000 single, 2000 double or 3000 triple-layer construction for your desired level of energy efficiency and noise control. Experience the strength, security, and peace of mind you get with steel.

All Amarr residential steel garage doors are manufactured in the USA with American-made components, affirming Amarr's commitment to high quality and durability.

### **STEEL 1000**

#### **Single-Layer: Steel**

Get value and durability with an Amarr 1000 single-layer steel door. These heavy-duty steel doors are durable, reliable, and low maintenance.

- Heavy-Duty Exterior Steel
  - Durable, Reliable, Low Maintenance
-

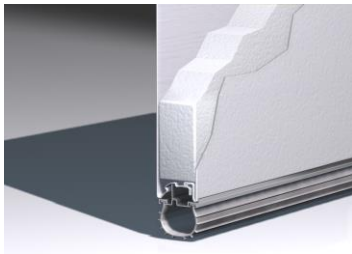

## **STEEL 2000**

### **Double-Layer: Steel + Insulation**

An Amarr 2000 double-layer steel door provides durable, low maintenance features, plus a layer of vinyl-coated insulation for increased thermal properties and quieter operation.

- Heavy-Duty Exterior Steel
  - Durable, Reliable, Low Maintenance
  - Environmentally Safe Polystyrene Thermal Insulation with Vinyl Backing
  - Energy Efficient
  - Quiet Operation
- 

## **STEEL 3000**

### **Triple-Layer: Steel + Insulation + Steel**

For the toughest, most energy-efficient steel door, an Amarr 3000 triple-layer door includes the ultimate in thermal properties, plus a layer of steel for a finished interior look and added durability.

- Heavy-Duty Exterior and Interior Steel
  - Durable, Reliable, Low Maintenance
  - Environmentally Safe Polystyrene or Polyurethane Thermal Insulation
  - Superior Energy Efficient
  - Extra Quiet Operation
-

**PAINT SYSTEM ON AMARR STEEL DOORS.** Amarr 5-layer paint system begins with (1) rugged real gauge steel that is (2) hot-dip galvanized to completely coat the steel in zinc to prevent rusting. (3) A paint pre-treatment is completed to prepare the material for painting. (4) A primer coat is added for additional protection and longevity. (5) Lastly, a tough polyester, colored top-coat paint provide the durable and long-lasting color that needs no additional painting.

---

**Wood.** Creating a superior door starts by selecting the finest milled woods. Made in America by skilled craftsmen, Amarr wood doors are meticulously crafted for reliable performance and long-lasting beauty. With all-natural wood-on-wood construction, these carriage house doors can be designed to reflect your own style. With wood, you get it all: quality craftsmanship, modern functionality, and timeless beauty.

## WOOD

### Wood + Insulation + Wood

- Custom, Handcrafted Carriage House Designs
- Meticulous Detailing
- Paint or Stain Grade Wood Options
- Environmentally Safe Polystyrene Thermal Insulation
- Energy Efficient

Paint and stain grade doors are shipped in their natural finish and require finishing. Priming is available for paint grade doors. All doors must be finished on all six sides of each section within two days of receipt of doors and prior to installation.
